Proposal for Construction of 300 Bed Hospital Building of Gajendra Narayan Singh Memorial Hospital, Madhav Narayan-3, Rautahat, Province No.2, Nepal.

S. No.	Details of the Proposal	Information Required
1	Project Title	<ul style="list-style-type: none"> Construction of 300 Bed Three and Half storied hospital building in Madhav Narayan Municipality of Rautahat District.
2	Location	<ul style="list-style-type: none"> Madhav Narayan Municipality, Ward No. 3, Rautahat District.
3	Background of the Project	<ul style="list-style-type: none"> Rautahat District is one of the districts in Province 2 with an area of 1126 Sq Km and population of 686,722. According to the report the district has one Government hospital in the district headquarters; Gaur supported by 8 Health Posts and 85 Sub-Health Posts. Due to lack of improved health care facilities communities suffers from various communicable and non communicable diseases resulting into untimely demise. Sometimes People encounters with death because of diseases which could be treated easily. In 21st Century community shouldn't die of common diseases like typhoid, jaundice, minor strokes and labor pains.
4	Name of the organization	<ul style="list-style-type: none"> Gajendra Narayan Singh Memorial Foundation, Lazimpat-3, Kathmandu, Nepal.
5	Scope of work	<ul style="list-style-type: none"> Construction of a three and half storied hospital building comprising of Emergency, OPD, Radiology Department, Laboratory, ICU, CCU, NICU, Operation Theatre, Maternity Department, Tropical Ward, OCMC Ward, Maternity Ward, General Ward, Post-Operative Ward, Dental Ward, Dialysis Ward, Burn Ward, Orthopedic

		Ward, Ophthalmology Ward, ENT Ward, Surgical Ward, Oral Maxillofacial Ward, Semi Cabin, Single Bed Cabin, VIP Cabin Doctor's Room, Nurse Counter, General Counter, Administration and Account section.
6	Details of the project	<ul style="list-style-type: none"> The design, drawings and planning including the cost estimation have been prepared by the private consultancy with various levels of revisions after discussions. All the design, drawings and planning are as per the Government of Nepal's Nepal Building Code and Ministry of Health's Guideline For Health Institutions Established Upgrade Standard. The estimation has been prepared as per the available district rates and some unavailable materials rates are from Kathmandu and other nearby major market place. Foundation is willing to execute the above project and carry out the civil construction work with the prescribed procedures and provide all necessary financial and technical supervision as per the Government of Nepal's rules and regulations.
7	Budget requirements	<ul style="list-style-type: none"> The proposal envisages construction of a three and half storied hospital building at estimated cost of NRs. 2,080,708,170.65/- including 5% contingencies and 13% VAT. Experienced and qualified Engineer prepared the estimation as per the Government of Nepal's norms. The rates are as per the district rates and rates of some unavailable materials are from Kathmandu and other nearby market places. Under strict supervision GN Singh Memorial Foundation also being a implementing agency tried to keep the whole estimate reasonable, practical and up to the GoN's Standard.
8	Maintenance plan of the project	<ul style="list-style-type: none"> The long term maintenance of the hospital building will be done from the earnings made by the hospital as well as donations from GoN or any other charitable, development and diplomatic agencies. As the Foundation is not for profit organization and is the governing body of the hospital; it is entitle to receive

		grants from GoN or any other charitable, development or diplomatic agencies.
9	Impact assessment of the project	<ul style="list-style-type: none"> The hospital will help in providing advanced and improved health care directly to the population of about 686,722 of Rautahat District. The hospital of this scale is well capable of providing advanced healthcare facilities to adjoining Sarlahi (population is about 832,000) and Bara (population is about 783,000) District as well as the majority of population from Province 2. The hospital of this scale is well capable of providing advanced healthcare facilities to the cross border patients at an affordable cost. The local community as well as the majority of population from Province 2 and cross border will enjoy the world class health facility at an affordable cost in their door steps.
10	Contribution by entity at (4) above	<ul style="list-style-type: none"> In shape of funds, land, buildings, construction materials etc.
11	Contribution by the local community	<ul style="list-style-type: none"> The land required for construction of the hospital building will be made available by the Gajendra Narayan Singh Memorial Foundation acquired from the local community at an affordable cost for this noble cause.

 Handwritten signatures and stamps in Nepali script, including names like 'Rajendra Singh' and 'Rajendra Singh Memorial Foundation'.
